

## **Ajman Free Zone partners with Al Zorah to manage business centre**

**UAE, 19 hours, 42 minutes ago**

Ajman Free Zone has entered into an agreement with Al Zorah, a partnership between Solidere International and Ajman Government, and a premium lifestyle and leisure destination to operate a 3,000-sq-ft state-of-the-art business centre.

The contemporary, furnished business centre, is located within The Pavilion at Al Zorah, a distinctive and award-winning building complex, accommodating a wide range of leisure and food and beverage (F&B) outlets, including Spot food truck park, as well as the prestigious Nicklaus 18-hole championship golf course, said a statement.

The residential element of the development includes The Pavilion, Oberoi Resort, Marina 1, Golf Villas and Golf townhouses.

The business centre comprises 17 units in total, including nine executive offices, and eight smaller offices and offers companies a unique and aesthetic environment from which to work, as well as ample on-site parking.

The agreement between Ajman Free Zone and Al Zorah will see a wide range of benefits extended to businesses who chose to locate their operations there, including discounts across a wide range of Al Zorah's leisure and recreational offerings.

Fatma Salem, acting director general of Ajman Free Zone, said: "Al Zorah offers a highly unique environment for companies to operate their businesses and we are confident that it will prove a major draw."

“Its location within a major residential and leisure hub is a great proposition for those individuals who wish to live close to their place of work and this will be a key selling point for us to communicate,” Salem said.

“We are very pleased to be marketing its myriad benefits to regional and international investors into the Ajman region, and we are confident that a thriving and dynamic business community will soon be created,” Salem added.

Imad Dana, CEO of Al Zorah, said: “This agreement is very good news for Al Zorah because Ajman Free Zone has a 30-year track record in attracting businesses to the area and in really spelling out the benefits of locating here in Ajman, as well as making the entire company set-up process easy and convenient.”

“Our partnership will be mutually beneficial, and we look forward to working closely with their sales and investment teams. A vibrant business community will add a very positive dimension to Al Zorah and will benefit the range of licence holders in the F&B and leisure sectors who have businesses here,” Dana added. –
